A PROCLAMATION

WHEREAS the United Nations Charter of 1945 and the Universal Declaration of Human Rights, adopted by the General Assembly on December 10, 1948, proclaim our belief in basic human rights and fundamental freedoms and in the dignity and worth of the human person; and

WHEREAS the recognition of these rights and freedoms as requisites for a just and lasting peace assumes even greater importance today as the United Nations is engaged in its struggle against armed aggression; and

WHEREAS the firm establishment of these rights and freedoms can be attained only through a common understanding of the moral objectives of the United Nations and through faith in human values; and

EXECUTIVE ORDER 10190

PRESCRIBING REGULATIONS RELATING TO NEW TRIALS BY COURTS-MARTIAL AND OTHER RELIEF IN NAVY AND COAST GUARD CASES

By virtue of the authority vested in me by section 12 of the act of Congress entitled "An Act to unify, consolidate, revise, and codify the Articles of War, the Articles for the Government of the Navy, and the disciplinary laws of the Coast Guard, and to enact and establish a Uniform Code of Military Justice," approved May 5, 1950 (64 Stat. 107; Public Law 506, 81st Congress), I hereby prescribe the following regulations governing the application for, and the granting of, new trials by courts-martial and other appropriate relief in cases in the Navy and the Coast Guard with respect to offenses committed during World War II:

1. PETITION; BASIS FOR REMEDY. With respect to all trials by general courts-martial which resulted in a conviction and with respect to any trial which resulted in an approved sentence, including a bad-conduct discharge, adjudged by any lesser court-martial for a violation of the Articles for the Government of the Navy or the disciplinary laws of the Coast Guard committed at any time between December 7, 1941, and May 30, 1951, inclusive, an accused may, within one year after final disposition of the case upon initial appellate review or at any time before May 31, 1952, whichever is the later date, petition the Judge Advocate General of the Navy or the General Counsel of the Treasury Department, as may be appropriate, to grant a new trial, or to vacate any sentence adjudged and to restore rights, privileges, or property affected by the sentence, and in a proper case to substitute for a dismissal, dishonorable discharge, or bad-conduct discharge previously executed a form of discharge authorized for administrative issuance. Completion of review and of any confirming, approving, or affirming action taken under the Articles for the Government of the Navy or the disciplinary laws of the Coast Guard, or required under the Uniform Code of Military Justice, when it becomes effective, or any regulations prescribed under such Articles, laws, or Code shall constitute final disposition of a case upon initial appellate review. Only one such petition may be entertained with regard to any one case. The petition may be submitted either by the accused or by his representative, regardless of whether the accused is in the service or has been separated therefrom. A petition may not be submitted after the death of an accused. A petition for relief under section 12 of the said act of May 5, 1950, shall be acted upon in the department which reviewed the previous trial, except that if the accused is a member of the Coast Guard at the time of his trial and at the time of submission of his petition, the petition shall be acted upon by the department in which the Coast Guard is serving at the time the petition is submitted.

Relief under section 12 of the said act of May 5, 1950, shall be granted only upon good cause shown. Good cause for granting a new trial, for vacation of a sentence, or for other remedy shall be deemed to exist only if, within the discretion of the Judge Advocate General of the Navy or the General Counsel of the Treasury Department, as the case may be, all the facts and information before him, including the record of trial, the petition, and other matter presented by the accused, affirmatively establish that an injustice has resulted from the findings or sentence.

2. FORM OF PETITION; PROCEDURE. The petition shall be in writing and signed under oath or affirmation by the accused, or by a person possessing either the power of attorney of the accused for the purpose or the authorization of a court of law to sign the petition as the representative of the accused, and shall be forwarded in triplicate directly to the Judge Advocate General of the Navy, Washington 25, D. C., or the General Counsel of the Treasury Department, Washington 25, D. C., as may be appropriate. So far as practicable, the petition shall be typewritten, with lines double-spaced, and shall contain the following:

(1) The name and serial number of the accused, his address, and the date of trial.

(2) The remedy sought.

(3) The sentence or a description thereof as finally approved or confirmed, together with a statement of any subsequent reduction thereof by clemency or otherwise.

(4) A brief description of any findings or sentence believed unjust.

(5) A full statement of the fact, ruling, or error relied upon as good cause for the remedy sought. No fact, ruling, or error other than matters relating to jurisdiction shall be deemed to constitute good cause unless it had a substantial contributing effect upon the findings of guilty or upon the sentence as finally approved.

(6) The affidavit of each person whom the accused expects to present as a witness in the event of a new trial. Each such affidavit should set forth briefly the relevant facts within the personal knowledge of the affiant.

Upon written request and within his discretion, the Judge Advocate General or the General Counsel of the Treasury Department, as the case may be, may allow oral argument upon a petition. Any hearing granted shall be conducted under rules prescribed by such officer, and the hearing may be before that officer or before an officer or officers designated by him. The Judge Advocate General of the Navy or the General Counsel of the Treasury Department, as the case may be, may cause such additional investigation to be made and such additional evidence to be secured as he may deem appropriate.

Action in granting or denying a remedy under section 12 of the said act of May 5, 1950, shall be taken by the Judge Advocate General of the Navy or the General Counsel of the Treasury Department in writing signed in his own hand or by his direction. Whenever appropriate, the action granting a remedy shall be published in appropriate departmental orders.

If a new trial is granted by the Judge Advocate General of the Navy or the General Counsel of the Treasury Department upon the petition of the accused, he shall cause the accused to be brought before a new court convened by an officer possessing authority to convene an appropriate court-martial and designated for the purpose by the Judge Advocate General or the General Counsel. The new trial shall be on the same charges and specifications originally preferred against the accused unless the reasons for retrial are based on defects in the charges or specifications, in which case new charges and specifications shall be prepared correcting the pleading previously objected to,

but the accused shall not be tried for any offense of which he was found not guilty by the first court. Upon the granting of a new trial, the proceedings, findings, and sentence relating to the previous trial shall be set aside by the Judge Advocate General of the Navy or the General Counsel of the Treasury Department, as the case may be: *Provided*, that if the accused has been separated from the service, such proceedings, findings, and sentence shall not be set aside when the new trial is granted but shall be set aside after initial appellate review of the new trial.

The new trial shall be held at such time and place as the convening authority may direct.

The presentation of a petition shall not operate to stay execution of a sentence.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 966—ORANGES GROWN IN CALIFORNIA OR IN ARIZONA

ESTABLISHMENT OF PRORATE DISTRICTS

Notice is hereby given of the amendment, as hereinafter set forth, of the rules and regulations (7 CFR 966.103 et seq.) currently in effect pursuant to Order No. 66, as amended (7 CFR Part 966), regulating the handling of oranges grown in the State of California or the State of Arizona, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.). The said amendment defines the prorate districts, in the States of California and Arizona, which are hereby established on the basis of the recommendation and supporting information submitted by the Orange Administrative Committee (established pursuant to the amended order) and other available information.

At present, Prorate District No. 1 (7 CFR 966.107) comprises that portion of California which is north of a line drawn due east and west through the Tehachapi Mountains. Within the northern portion of such district is an orange producing area approximately 200 miles removed from the other producing areas of such district. The growing and marketing conditions in such northern geographic area are different from the growing and marketing conditions in the remainder of the aforesaid district in that (1) the oranges generally mature early in the season; (2) atmospheric conditions make it difficult to protect the oranges from damage by freezing temperatures; (3) heavy fall and winter rains with the accompanying strong winds generally adversely affect the keeping quality of the oranges; and (4) almost all of the orange groves in such geographic area are of relatively small size with a substantial portion of such oranges marketed by the grower of the oranges rather than through a packing house. In view of the foregoing, it is hereby found that the establishment of such northern geographic area and the remainder of the present Prorate District No. 1 as separate prorate districts will facilitate the regulation of the handling of oranges grown in the respective areas and will effectuate the purposes of the act.

It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that (1) oranges grown in said Prorate District No. 1 are subject to weekly regulation pursuant to § 966.6 of said amended order throughout the entire marketing season which began November 1, 1950; (2) this amendment should be made effective as soon as practical in order to make available, during the maximum portion of such marketing season, the benefits derivable from separate regulations applicable to the respective producing areas; (3) any delay, beyond the effective time hereof, in the establishment of the aforesaid northern geographic area as a separate prorate district, would increase the possibility that climatic conditions will cause extensive losses of oranges in that area; (4) the effective time hereinafter prescribed is the earliest practicable time which will permit the Orange Administrative Committee to submit appropriate recommendations, in accordance with the procedural requirements of Order No. 66, as amended, applicable to such producing areas; (5) no special preparation is required by persons affected hereby which cannot be completed by the effective time hereof; and (6) a reasonable time is permitted, under the circumstances, for preparation for such effective time.

The amendment of the said rules and regulations is as follows:

Amend § 966.107 *Prorate districts* to read as follows:

§ 966.107 *Prorate districts.* The following prorate districts are hereby established:

(a) *Prorate District No. 1.* That portion of California which is north of a line drawn due east and west through the Tehachapi Mountains, but excluding all of Prorate District No. 4.

(b) *Prorate District No. 2.* That portion of California which is south of a line drawn due east and west through the Tehachapi Mountains, but excluding Imperial County and that portion of Riverside County east of a line drawn due north and south through San Jacinto Peak.

(c) *Prorate District No. 3.* Arizona, and that portion of California outside Prorate Districts Nos. 1, 2, and 4.

(d) *Prorate District No. 4.* That portion of California which is north of the 37th Parallel.

Effective time. The provisions hereof shall become effective at 12:01 a. m., P. s. t., December 10, 1950: *Provided*, That with respect to any recommendation by the Orange Administrative Committee applicable to the newly established districts, such provisions shall become effective upon execution.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 5th day of December 1950.

Acting Secretary of Agriculture.

PART 989—HANDLING OF RAISINS PRODUCED FROM RAISIN VARIETY GRAPES GROWN IN CALIFORNIA

DESIGNATION OF FREE TONNAGE PERCENTAGE, APPROVAL OF BUDGET OF EXPENSES OF THE RAISIN ADMINISTRATIVE COMMITTEE AND FIXING OF RATE OF ASSESSMENT FOR THE 1950–51 CROP YEAR BEGINNING AUGUST 15, 1950

Notice was published in the October 18, 1950, issue of the FEDERAL REGISTER (15 F. R. 6971) that the Secretary of Agriculture was considering proposed rules to (1) designate the free tonnage percentage for the 1950–51 crop year, (2) approve a budget of expenses for the Raisin Administrative Committee for such year, and (3) fix a rate of assessment for such year, as hereinafter set forth, which were recommended by said committee in accordance with the provisions of Marketing Agreement No. 109 and Order No. 89 (7 CFR Part 989), regulating the handling of raisins produced from raisin variety grapes grown in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.). In said notice, opportunity was afforded all interested persons to file any data, views, or arguments with respect thereto.

After consideration of all matters pertaining thereto, including the recommendations of the Raisin Administrative Committee and the data, views, or arguments filed pursuant to the aforesaid notice, it is found that the free tonnage percentage, the budget of expenses for the Raisin Administrative Committee, and the rate of assessment, for the crop year beginning August 15, 1950, should be as set forth below. It is necessary to make such regulations effective not later than three days after publication thereof in the FEDERAL REGISTER because: (1) the rate of assessment hereby fixed is applicable to raisins handled during the current crop year; (2) handlers already have begun to receive deliveries of raisins from producers, which receipts are, by the terms of the marketing agreement and order, subject to the assessments set forth hereinafter; (3) the Raisin Administrative Committee is now, and has been, incurring expenses incident to the administration of this program and it is essential that sufficient funds be provided promptly to defray such expenses; and (4) compliance with these sections will not require any special preparation on the part of handlers.

Pursuant to the applicable provisions of the marketing agreement and order and on the basis of available information, it is hereby ordered that:

§ 989.203 *Designation of the free tonnage percentage for the 1950–51 crop year.* One hundred percent (100%) of each varietal type of raisins acquired by handlers during the crop year beginning August 15, 1950, and ending August 14, 1951, are hereby designated as free tonnage raisins.

§ 989.301 *Budget of expenses and rate of assessment*—(a) *Budget of expenses of the Raisin Administrative Committee for the 1950–51 crop year.* Expenses in the amount of $37,500 are reasonable and are likely to be incurred by the Raisin Administrative Committee for its maintenance and functioning and for the maintenance and functioning of the Raisin Advisory Board for the crop year beginning August 15, 1950, and ending August 14, 1951.

(b) *Rate of assessment for the 1950–51 crop year.* Each handler shall pay to the Raisin Administrative Committee, in accordance with the marketing agreement and order, an assessment of 25 cents for each ton of free tonnage raisins acquired by him during the crop year beginning August 15, 1950, and ending August 14, 1951, which assessment rate is hereby fixed as each handler's pro rata share of the aforesaid expenses.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 5th day of December 1950.

Acting Secretary of Agriculture.

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

[Reg. X]

PART 225—RESIDENTIAL REAL ESTATE CREDIT

INTERPRETATIONS

Sec.
225.116 Allowance for builder's profit and costs of sale.
225.117 Preservation of records.
225.118 Fraternity house.
225.119 Maximum maturity of converted short-term construction credit.

AUTHORITY: §§ 225.116 to 225.119 issued under sec. 704, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105. Interprets or applies sec. 602, Pub. Law 774, 81st Cong.

§ 225.116 *Allowance for builder's profit and costs of sale.* Section 222.2 (i) of this chapter provides that, in certain cir-

cumstances, the "value" of residential property shall be "the bona fide cost of the property to the borrower, including a bona fide estimate of the cost of completing new construction on such property when the extension of credit is for the purpose of financing such new construction." Questions have been raised concerning the inclusion of builder's profit and sales cost in determining "value" in cases where, in lieu of obtaining short-term construction credit which would be refinanced upon the sale of the houses, a builder constructing houses for sale seeks long-term mortgage loans for the purpose of financing the construction of the houses and with the expectation that the houses will be sold subject to such indebtedness. It is the Board's view that in such cases a reasonable builder's profit and a reasonable estimate of the cost of selling the houses may be included as a part of the cost to the borrower (builder) for the purposes of determining "value" under the abovementioned provision of this part. However, in connection with the sale of the houses, consideration must be given to the provisions of § 225.4 (a) (6) relating to the sale of property by a Registrant subject to indebtedness which exceeds, or as a result of such sale would exceed, the applicable maximum loan value of such property.

§ 225.117 *Preservation of records.* Records required by § 225.6 (d) to be preserved for a period of three years need not be preserved after the repayment of the credit to which they relate; and, in the event that a person sells or transfers a credit instrument and delivers records relevant thereto to the purchaser or transferee, the requirement that such person preserve such records will be satisfied if he keeps a record of the identity of the purchaser or transferee and the date of the sale or transfer.

§ 225.118 *Fraternity house.* It is the Board's opinion that a structure which is used, serving or designed as a fraternity house is "used, serving or designed for dwelling purposes"; and, accordingly, if such structure does not include more than two family units, it is a "residence" within the meaning of § 225.2 (k). While it is recognized that there may be exceptional cases in which, depending on the particular facts involved, a fraternity house might not be a "residence", it is the Board's view that the usual type of fraternity house does not include more than two family units and, therefore, would be subject to the provisions of this part.

§ 225.119 *Maximum maturity of converted short-term construction credit.* A loan of the kind described in the second sentence of § 225.5 (b) will be deemed to comply with the requirements of that sentence in so far as maturity and amortization are concerned if the terms of repayment are such that, commencing on a date within 32 days from the date of completion of construction, the loan will thereafter conform with the maturity and amortization requirements set forth in § 225.7. Thus, in a case where the 20-year maturity limitation is applicable, the requirements will be satisfied if the terms of the loan are such that, in the event construction is completed, for example, during the month of March 1951, the loan is to be fully repaid by equal monthly payments commencing on May 1, 1951, and ending on April 1, 1971. The foregoing assumes, of course, that the loan agreement provides that in any event the loan will be brought into conformity with this part not later than 18 months after it is made.

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

ORDER DIRECTING THAT A REFERENDUM BE CONDUCTED; DESIGNATION OF REFERENDUM AGENTS TO CONDUCT SUCH REFERENDUM; AND DETERMINATION OF REPRESENTATIVE PERIOD

Pursuant to the applicable provisions of Marketing Agreement No. 99, as amended, and Order No. 62, as amended (7 CFR Part 962; 15 F. R. 4105), and the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), it is hereby directed that a referendum be conducted among the producers who, during the calendar year 1947 (which period is hereby determined to be a representative period for the purpose of such referendum), were engaged, in the State of Georgia, in the production of peaches for market to determine whether such producers favor the termination of the said amended marketing agreement and order. D. K. Young and E. E. Pinkston of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, are hereby designated as agents of the Secretary of Agriculture to perform, jointly or severally, the following functions in connection with the referendum:

(a) Conduct said referendum in the manner herein prescribed:

(1) By giving opportunity to each of the aforesaid producers to cast his ballot, in the manner herein authorized, relative to the aforesaid termination of the marketing agreement and order, on a copy of the appropriate ballot form. A cooperative association of such producers, bona fide engaged in marketing fresh peaches grown in the State of Georgia or in rendering services for or advancing the interests of the producers of such peaches, may vote for the producers who are members of, stockholders in, or under contract with, such cooperative association (such vote to be cast on a copy of the appropriate ballot form), and the vote of such cooperative association shall be considered as the vote of such producers.

(2) By determining the time of commencement and termination of the period of the referendum and by giving public notice, as prescribed in paragraph (a) (3) hereof, (i) of the time during which the referendum will be conducted, (ii) that any ballot may be cast by mail, and (iii) that all ballots so cast must be addressed to D. K. Young, Chief, Southeastern Marketing Field Office, Fruit and Vegetable Branch, Room 631, 50 Seventh Street NE., Atlanta 5, Georgia, and the time prior to which such ballots must be postmarked.

(3) By giving public notice (i) by utilizing available agencies of public information (without advertising expense), including both press and radio facilities in the State of Georgia; (ii) by mailing a notice thereof (including a copy of the appropriate ballot form) to each such cooperative association and to each producer whose name and address are known; and (iii) by such other means as said referendum agents or any of them may deem advisable.

(4) By conducting meetings of producers and arranging for balloting at the meeting places, if said referendum agents or any of them determine that voting shall be at meetings. At each such meeting, balloting shall continue until all of the producers who are present, and who desire to do so, have had an opportunity to vote. Any producer may cast his ballot at any such meeting in lieu of voting by mail.

(5) By giving ballots to producers at the meeting; and receiving any ballots when they are cast.

(6) By securing the name and address of each person casting a ballot, and inquiring into the eligibility of such person to vote in the referendum.

(7) By giving public notice of the time and place of each meeting authorized hereunder by posting a notice thereof, at least two days in advance of each such meeting, at each such meeting place, and in two or more public places within the applicable area; and, so far as may be practicable, by giving additional notice in the manner prescribed in paragraph (a) (3) hereof.

(8) By appointing any county agricultural agent and by authorizing the chairman of the State Production and Marketing Administration committee to appoint any member or members of a PMA county committee, in the State of Georgia, and by appointing any other persons deemed necessary or desirable, to assist the said referendum agents in performing their duties hereunder. Each such person so appointed shall serve without compensation and may be authorized, by the said referendum agents or any of them, to perform any or all of the functions set forth in paragraphs (a) (5), (6), (7), and (8) hereof (which, in the absence of such appointment of subagents, shall be performed by said referendum agents) in accordance with the requirements herein set forth; and shall forward to D. K. Young, Chief, Southeastern Marketing Field Office, Fruit and Vegetable Branch, Room 631, 50 Seventh Street, N. E., Atlanta 5, Georgia, immediately after the close of the referendum, the following:

(i) A register containing the name and address of each producer to whom a ballot form was given;

(ii) A register containing the name and address of each producer from whom an executed ballot was received;

(iii) All of the ballots received by the respective referendum agent in connection with the referendum, together with a certificate to the effect that the ballots forwarded are all of the ballots cast and which were received by the respective agent during the referendum period;

(iv) A statement showing when and where each notice of referndum posted by said agent was posted and, if the notice was mailed to producers, the mailing list showing the names and addresses to which the notice was mailed and the time of such mailing, and,

(v) A detailed statement reciting the method used in giving publicity to such referendum.

(b) Upon receipt by D. K. Young of all ballots cast in accordance with the provisions hereof, he shall canvass the ballots and prepare and submit to the Secretary a detailed report covering the results of the referendum, the manner in which the referendum was conducted, the extent and kind of public notice given, and all other information pertinent to the full analysis of the referendum and its results; and shall forward such report, together with the ballots and other information and data, to the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C.

(c) Each referendum agent and appointee pursuant hereto shall not refuse to accept a ballot submitted or cast; but should they, or any of them, deem that a ballot should be challenged for any reason, or if such ballot is challenged by any other person, said agent or appointee shall endorse above his signature, on the back of said ballot, a statement that such ballot was challenged, by whom challenged, and the reasons therefore; and the number of such challenged ballots shall be stated when they are forwarded as provided herein.

(d) All ballots shall be treated as confidential.

The Director of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, is hereby authorized to prescribe additional instructions, not inconsistent with the provisions hereof, to govern the procedure to be followed by the said referendum agents and appointees in conducting said referendum.

CIVIL AERONAUTICS BOARD

[14 CFR, Part 29]

BLOOD PRESSURE REQUIREMENTS FOR THE FIRST-CLASS PHYSICAL STANDARD

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board the amendment of Part 29, § 29.2 (c) (2) of the Civil Air Regulations in substance as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received by January 15, 1951, will be considered by the Board before taking further action on the proposed rule. Copies of such communications will be available after January 18, 1951, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

Part 29, § 29.2 (c) (2) prescribes that reclining blood pressure shall not exceed 135 mm., systolic, nor 90 mm., diastolic, for the first-class physical standard which at present applicants for airline transport pilot ratings are required to meet. The amendment proposed by the Civil Aeronautics Administration is intended to eliminate this general restriction and to establish instead specific limitations based upon age, with limited adjustments where the results of a complete cardiovascular examination are shown to be normal.

This suggested change in the regulation is requested as the result of experience and recent research. The new limitations give recognition to the normal tendency of blood pressure to increase with age, and, in their operation, would allow the pressure readings of an applicant to be slightly above the limits set for his age if, in effect, examination shows no evidence of heart disease. It is believed that this change in the regulation would, consistent with safety, permit trained personnel to fly at older ages

with more effective utilization of their experience, and would afford more meaningful data for research and statistical purposes.

It is proposed to amend Part 29, § 29.2 (c) (2), to read as follows:

§ 29.2 *First class.* * * *

(c) *General physical condition.* * * *

(2) Unless the adjusted maximum readings apply, applicant's reclining blood pressure shall not exceed the maximum readings for his age group, as indicated in the table below. The adjusted maximum readings shall apply to any applicant, age 30 years or more, whose reclining blood pressure exceeds the maximum readings for his age group and whose cardiac and kidney conditions, after complete cardiovascular examination, are shown to be normal.

Age group	Maximum readings (reclining blood pressure in mm.)		Adjusted maximum readings (reclining blood pressure in mm.)	
	Systolic	Diastolic	Systolic	Diastolic
20-29	140	88	----------	----------
30-39	145	92	155	98
40-49	155	96	165	100
50 and over	160	98	170	100

This amendment is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a). Interpret or apply secs. 601-610, 52 Stat. 1007-1012, 62 Stat. 1216; 49 U. S. C. 551-560, act of July 1, 1948)
